

EIT Digital seeks Doctoral Training Centre Lead

EIT Digital

EIT Digital is a leading European digital innovation and entrepreneurial education organisation driving Europe's digital transformation.

EIT Digital delivers breakthrough digital innovations to the market and breeds entrepreneurial talent for economic growth and improved quality of life in Europe. It does this by mobilising a pan-European ecosystem of over 130 top European corporations, SMEs, start-ups, universities and research institutes; thus bringing together students, researchers, engineers, business developers and entrepreneurs in Co-Location Centres (CLC) in Berlin, Budapest, Eindhoven, Helsinki, London, Madrid, Paris, Stockholm, Trento, and in its hub in Silicon Valley.

Job description

EIT Digital Madrid plans to incorporate the profile of Doctoral Training Centre Lead to manage the Madrid Doctoral Training Centre (DTC). The Madrid DTC is part of the Doctoral School (<http://www.doctoralschool.eitdigital.eu/>) of EIT Digital (<http://www.eitdigital.eu/>), a member of the European Institute of Technology (EIT) focused on the Digital sector. The DTC lead will be as well in charge of the coordination and management of educational activities of the Madrid EIT Digital Node in cooperation with academic partners as well as the coordination of educational activities and cooperation with industrial partners, such as internships, joint activities, training, etc.

Tasks

- Coordination and management of educational activities (Doctoral Training Centre, education in innovation and entrepreneurship, etc.) of the Madrid Node, including:
- Interaction with the EIT Digital Doctoral School.
- Interaction with, coordination of, and follow-up of doctoral students.
- Management of the Innovation and Entrepreneurship modules of the Doctorate programmes.
- Interaction and coordination within EIT Digital and the academic partners of the node (UPM and the IMDEA Software Institute currently)
- Advising and management of the relations of doctoral students with the companies involved in the doctoral training.
- Interaction with Spanish institutions with responsibilities in Education and R&D.
- Development and management of educational activities (mainly those related to innovation and entrepreneurship) from the Doctorate programs, coordinating actions from UPM, the IMDEA Software Institute, EIT Digital, and the Madrid Node in general.
- Reporting of activities to the local and EIT Digital structures and to the responsible persons in these organizations.

Profile

- Very good communication skills and fluent in spoken and written English.
- Spanish proficiency at native speaker level.
- PhD degree preferably in the ICT and/or Innovation and Entrepreneurship fields.
- Experience in Innovation and Entrepreneurship in ICT.
- Experience in the interaction with public and private stakeholders in the Education and R&D area.
- At least three years of experience in managing units for R&D or higher education.
- Proved skills for negotiation and communication.
- Experience in the management of human resources, team organization, and student advising.
- The candidate should be well organized, proactive, able to do multitasking, and motivated to continuously improve his/her capabilities, as well as those of our organization.

General conditions

- Frequent travel within the nodes of EIT Digital.
- Immediate hiring.
- Salary negotiated according to international standards.
- An excellent environment for research, development and innovation.
- Our staff is international and English is the working language.

To Apply: Please mail a C.V. and cover letter, outlining how your skills and experience meet the qualifications of the position and stating how you heard about this opportunity to jesus.contreras@eitdigital.eu using “Madrid@DTCLed” as subject
