

EIT Digital seeks Director Germany

EIT Digital

EIT Digital is a leading European digital innovation and entrepreneurial education organisation driving Europe's digital transformation.

EIT Digital delivers breakthrough digital innovations to the market and breeds entrepreneurial talent for economic growth and improved quality of life in Europe. It does this by mobilising a pan-European ecosystem of over 130 top European corporations, SMEs, start-ups, universities and research institutes; thus bringing together students, researchers, engineers, business developers and entrepreneurs in Co-Location Centres (CLC) in Berlin, Budapest, Eindhoven, Helsinki, London, Madrid, Paris, Stockholm, Trento, and in its hub in Silicon Valley. In Germany EIT Digital operates from its Co-Location Centre in Berlin as well from its Satellite in Munich. The German partnership consists of 18 partners, of which 8 are universities and R&D institutes and 10 are commercial companies. The German partners are especially active in the Innovation areas Digital Industry and Digital Infrastructure and hosts business developers from the EIT Digital Accelerator. In the Education area the Node participates in the Master and Professional Schools.

EIT Digital is an equal opportunity employer.

The Position

The purpose of this job is to lead the EIT Digital Germany activities. The Director will manage the EIT Digital Germany team, and will report to the CEO of EIT Digital. The Director will be a member of the EIT Digital Management Committee and will collaborate closely with the EIT Digital C-level officers as well as with the EIT Digital Action Line Leaders.

This is a full-time position. The place of employment is the EIT Digital CLC in Berlin. The managing director position of EIT ICT Labs Germany GmbH may become part of the job. Regular travel across Europe is required for this position.

Responsibilities

- Management of the EIT Digital Germany daily operations and direct reports
- Together with the Node Strategy Committee develop EIT Digital Germany into an active, impactful, and recognized stronghold of EIT Digital in Germany, including the development of the partnership of EIT Digital in Germany
- Align closely with and support the EIT Digital Action Line Leaders to guarantee operational excellence from the national partners in the education and innovation activities of the EIT Digital Action Lines in order to deliver on EIT Digital KPIs
- Make the Berlin Co-location Centre and Munich Satellite a lively and vibrant place with multidisciplinary teams cross-pollinate including hosting startups
- Act as the account manager to the EIT Digital Germany partnership including business introductions
- Contribute to EIT Digital sustainability through acquisition of German national and regional financial support for the EIT Digital operations in Germany amongst others via liaison with national Innovation programs
- Possibly fulfilling the managing director position of EIT ICT Labs Germany GmbH

Qualifications

- 15 years of experience in digital innovation/transformation management positions, in industry and preferably across organizations
- Strong leadership and operational management skills; strong team player with hands-on capacity
- Strong experience in development and execution of digital innovation strategies with industry, startups, scaleups, universities, and research institutes
- Strong national network (Business, VCs, Incubators, Innovation Centres, Universities)
- Strong international experience, especially in working with European multi-stake holder organizations.
- Academic education and background in computer science (at least MSc, preferably PhD)
- Track record in acquisition of European, national and/or regional innovation financing
- Strong presentation and public appearance skills in English (verbal, written) and ability to convey simple and effective value propositions and messages

KPIs

- Size, quality and diversity of the Node partnership
- Contribution from the Node partners to the EIT Digital KPIs
- Measurable economic and societal impact of EIT Digital in the national ecosystem
- Contribution from the Node to the EIT Digital sustainability in terms of new sources of income including return on investment of EIT financial support
- Success stories and promotion activities in the Node

Languages

- Fluent in German and in English with excellent verbal and written communication skills
- Knowledge of any of the following languages Swedish, French, Finnish, Dutch, Italian, Spanish or Hungarian is a merit.

Development opportunities

Getting exposed to a multinational and disciplined work environment and contributing to a growing and recognised organisation, working in an entrepreneurial and integrated fashion with education, innovation, research centres and business partners.
