

General remark

**General Remark: Two more questions were asked. Since the answers to these questions seem relevant for all tenderers, EIT Digital decided to publish this second note of information. EIT digital will not publish a third Note of information. The offer submission date remains unchanged, offers should be submitted before August 23rd, 2019 - 17.00h CET.**

#	Document	Section	Question	Answer
48	RFP	7.1	Can we use four A4 pages in total for Q1 and Q2 or only two pages?	As answered in the first Note of information (d.d. August 1st, 2019): tenderers are allowed to submit up to two (2) single sided A4 per criterion. So two single sided A4 for Q1 and two single sided A4 for Q2.
49	RFP	7.1	Are the rates of EUR25-50 or EUR50-100 only applicable to the one junior and one senior roles, or would they apply to the entire team (literally pricing the whole team on two rates only)?	The rates apply to the entire team. EIT Digital will only be invoiced based onto these two rates regardless of the internal structure and/or function indication tenderer uses.
